

Attention Owner Operators! Don't miss our exclusive introduction offer

Our Owner Operator's program provides you with all the benefits of **US Carrier Express'** resources and **matrix** on one hand, while still having all the flexibility of managing your own business on the other hand. You can **leverage** US Carrier Express **stability** and **expertise** in order to **make more money**, operate the **best equipment** and **grow your business** so you can succeed **Staying Forward** in front of the rest.

Our trucking company is looking for an opportunity **to team up** with owner operators, Independent contractors. We will help you **achieve** your **goals** and be your **own boss!**

The **first 100 days** you get **90%**, **after that 88%** from the **gross!**

Experienced drivers do know that in the trucking industry no week is the same, let alone a year. While we are really good in what we do, we can't promise miracles but we can guarantee:

 **GROSS \$7,000-\$11,000**

 **We share rate confirmations! Full transparency from beginning to the end.**

The owner operator Independent contractor is the one who will be performing the shipping services, and as such, it's crucial for them to have a confirmation of the price they will be paid for those services. This confirmation allows the driver to know the amount of payment due, and gives them a point of reference if there are any discrepancies, additionally they can refer back to the document to make sure they receive the full amount they are entitled to.

 **We have plate program!**

That means you can come on board, get your plates through our company (leasing onto), pay us usually through a payroll deduct, which eases the pain of coming up with two thousand instantly, right?

 **ELD Optima/ PrePass**

Building fleet sustainability starts with using the right tools for constantly improving efficiency. We use ELD Optima to transform the safety, productivity, and profitability of our independent contractors. We use PrePass to bypass more weigh stations and reduce tolling costs. PrePass is the only provider to offer integrated weigh station bypass, toll payment services and fleet data insights.

 **Fuel savings up to \$ 1,3 per gallon - all to you!**

And who doesn't want to save money on fuel these days? Helping you understand fuel discounts, we provide you with the right Fuel cards and help plan your route based on places or truck stops that offer better fuel prices, booking reduced weight loads for you when possible and many more tips that are easy to implement in to your routines, to start saving money per gallon of diesel.

 **Best Referral Program! It pays up to \$36,000 per year to recommend us!**

Refer an owner-operator independent contractor to join US Carrier Express' fleet and you'll both earn money. Get a 1% RAISE to your GROSS % for each REFFERAL!

O/O Independent contractors starting pay is 88% of the GROSS and with each referral they can RAISE to 100% and beyond!
